

Default w/o `\unfoldRepeats`

Default unfold is 1.-3. -> Volta 1, 4. -> Volta 2 and 5. -> Volta 3

This is what I want...

...but `\unfoldRepeats` does not deal with it

Of course I could enforce it manually

How should I change `\musicII` to enable `\unfoldRepeats` to work the way I want it?
Is there a way to tell `\alternative` which repeats in which volta (and the volta texts)?
